# "PERFECTLY PISTED SKI RUNS AND WHITE GLISTENING LANDSCAPES"

Dachstein West is situated in the heart of Austria and there is no better place to be when the early morning mist rises, and the silhouette of the UNESCO listed Dachstein mountain range is revealed.

For those who prefer some of the more tranquil ski areas, when the sun is shining and the whole group takes to the slopes, you will know you have found the perfect location for your school ski trip.

The 142km ski area is concentrated around the unspoilt villages of Gosau, Russbach and Annaberg. This attractive area is little known outside Austria but has undergone major improvements in the last few years (with still more to come) that will bring it to the attention of UK skiers.

Perfect conditions from January to early March – so get in quick before it becomes more popular and more expensive!

# THE SKIING

Beginners are well catered for and are quick to get going as the novice lift facilities located close to the road in Gosau & Russbach. The gentle terrain of the Hornspitz & Brumsiland hills will ensure beginners progress quickly and gain confidence on the magic carpets and baby-lifts.

Once up and running, beginners progress up the mountain to explore the wide network of intermediate red runs that criss-cross the Zweiselalm peak and head down towards Annaberg.

The Zwieselalm area offers spectacular 360-degree views to the Dachstein Glacier, Lake Gosau and the most beautiful peaks from the Feuerkogel to Hochkönig mountains. While taking in these spectacular views, intermediate and advanced skiers will enjoy cruising over 110km of red runs across the three valleys. Some of the trails are left ungroomed for the more advanced skiers and for the ski instructors to give their pupils a controlled introduction to off-piste skiing.

Overall the compact and confidence building slopes of the Dachstein West area offers everything to progress your students from nervy beginners to confident skiers during their stay. The aim of all skiers should be to complete the “panoronda” ski circuit – a well-connected & signposted ski safari totalling 44 km. A great challenge for your group and only one of the many reasons why Dachstein West should be on your “to do” list!
