"AN IDEAL LOCATION FOR SCHOOL GROUPS"

The resort of Folgaria is situated in the highlands of the Trentino Valley and boasts some of the best scenery you'll find in Italy. This elegant village has style, character and is full of charm. Folgaria is a well-established Italian resort and in recent years has received huge investment including, a new lift system, remodeled piste and extended ski areas – all contributing in making Folgaria an ideal location for school groups.

The ski lift system has been developed over the last few years offering an extensive ski area to suit all abilities. The area is particularly suited to beginners and intermediate skiers with the choice of blue and red runs available to progress and develop their skills. Challenging black runs can also be found in the resort for the more advanced skiers in your group. The friendly locals offer a warm welcome and if you venture to the pedestrianised center of the village it offers good shopping and coffee shops for some chill out time off the slopes. Folgaria benefits from further investment which can be found in the après ski facilities including a new ice rink, swimming pool and games hall in the main town itself.

Folgaria is earning a fantastic reputation as one of the top ski resorts for school travel in Italy and has our groups returning year after year.

THE SKIING

Folgaria's ski area is home to over 100km of piste. Skiing through tree-lined pistes on well-maintained slopes, Folgaria has exciting ski to offer, ideal for all levels of skiers. There is terrain for beginners and large areas for intermediate skiers. Wide ski slopes makes this resort the ideal destination for your pupils to learn to ski or develop their skills.

Your beginner groups can look forward to quick progression from nursery slopes to more advanced runs as their confidence grows. Intermediate and advanced skiers will enjoy a great choice of lifts from Folgaria connecting to neighbouring areas.

Most runs are snow cannon protected to ensure great snow coverage all season making impressive conditions for the perfect ski trip.

Ski equipment is stored at the base station so no need to load and unload the coach each day! The child friendly ski school will ensure that the pupils make the most of their stay and the majority will be skiing the whole mountain by the end of the week. With new runs and lifts planned (including a gondola from Folgaria to the top of Fondo Grande) plus further investment in the après ski side, Folgaria looks set to confirm its position as one of the best school group venues in Italy.
