"GUARANTEED EASTER SKIING AND BREATHTAKING VIEWS"

Obertauern has one of the longest ski seasons in Europe from early November to May each year thanks in the main to its physical geography. The stunning peaks of the Radstädter Tauern envelope the Tauern pass forming a fabulous ski circuit on the varied slopes of the mountains.

Obertauern has a high-end atmosphere with several 4 star hotels, top quality restaurants and retail outlets lining the main road.

The premier services continue on the slopes with a modern lift system and fabulous piste preparation ensuring everyone has a superb ski experience. A wide variety of mountain huts offer stunning views and great food, allowing you to replenish the energy for your afternoon session on the slopes!

Featured in the Beatles film 'Help', Obertauern's musical and party heritage continues with a lively apres ski scene which starts around lunchtime!

The price of the accommodation in the valley ensures that the slopes are never crowded – especially during the Easter holiday or in early December.

THE SKIING

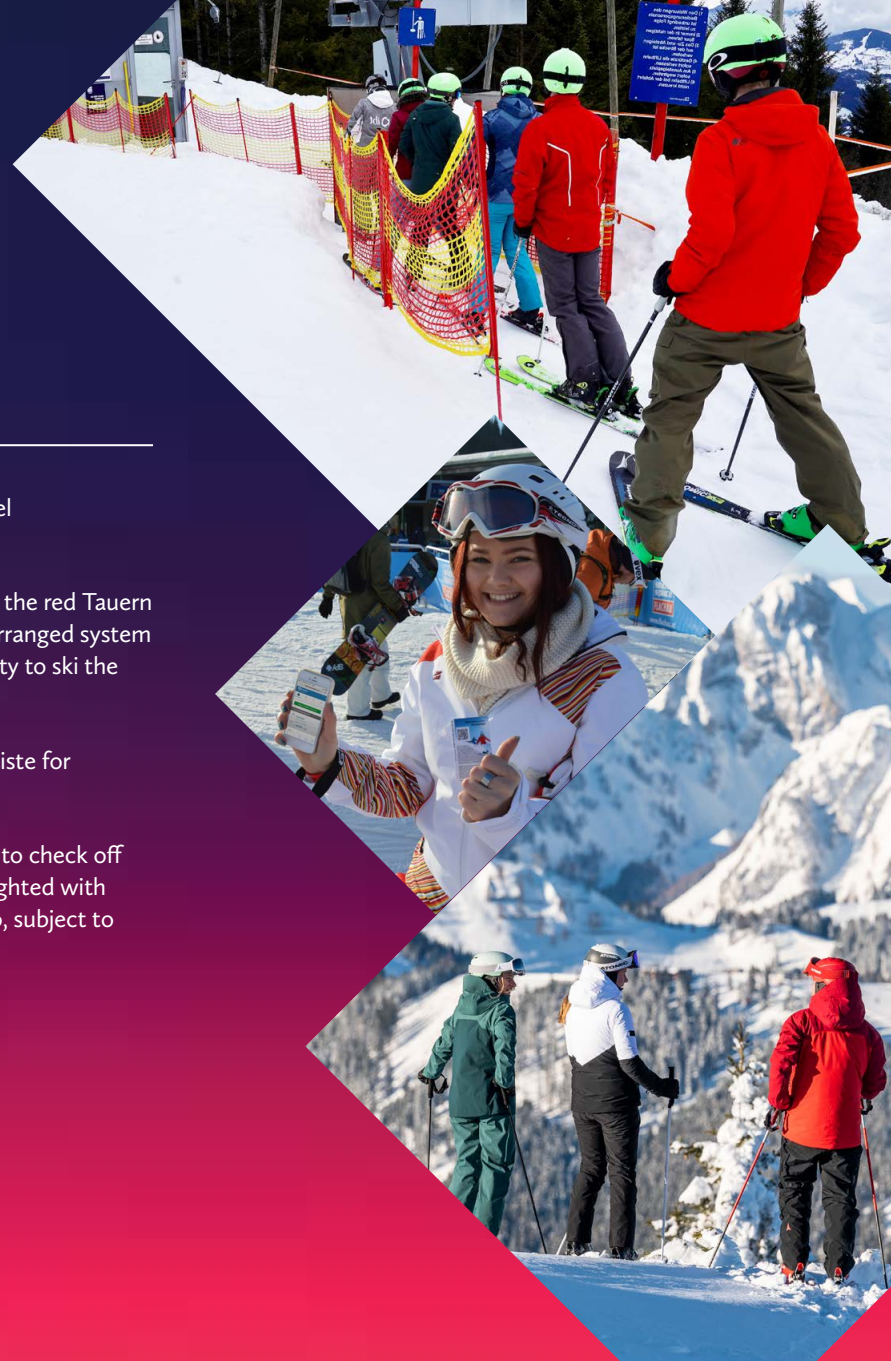

Obertauern is an ideal resort for school groups and a short coach trip from your hotel (approximately 25 minutes) will take you to 100km of varied snow sure skiing.

The 26 lifts are carefully positioned all around the resort to form a unique ski arena - the red Tauern round runs clockwise and the green Tauern round runs anticlockwise. The cleverly arranged system (the majority of slopes being blue runs (61km) and red runs (35km) offers the possibility to ski the entire valley from a single lift and return to the same starting point.

Spacious ski bridges have been erected for crossing the road! This means plenty of piste for improving skiers to gain confidence and a perfect location for a school group.

More advance skiers are not forgotten and they can take the Super Seven challenge to check off the seven highest points in the Obertauern ski circuit. The Super Seven are all highlighted with the 'S7' markers and take in most of the 4km of black runs in the resort. There is also, subject to conditions, some fabulous off piste skiing available.
