

## TRAVEL TO OTHER PARTS OF EUROPE

### Guidance for schools

Further to the United Kingdom's withdrawal from the European Union, there are new travel considerations to take into account for individuals and groups travelling to Europe.

The **British Council** website outlines Passport, Visa and Travel Guidance for schools. Information can be found at: <https://www.britishcouncil.org/school-resources/exchanges/travel-guidance>

If you or any of your students have specific nationality circumstances to consider before travelling, you should check with the local consulate in said country to identify if any specific measures for non-UK/

EU/EEA travellers attending a visit will need to be met. You should do this at the earliest opportunity prior to travel.

A list of ways in which to explore options for contacting overseas offices by country can be found on **GOV.UK**: <https://www.gov.uk/foreign-travel-advice>
